

# Marcy Playground, Paper Dolls

Who's the captain of the ship I think it's sinking  
I know I don't know what I know I don't know what was I thinking

Paper Dolls  
Before The folding  
Schools like malls  
That all are closing  
Afraid to dance  
Don't talk to strangers  
Avoid romance  
Read what the sign says  
Parental guidance is advised  
Another teenager surprised  
blah, blah, blah, blah  
Feels so good to be alive  
blah, blah, blah  
Yeah, life was easier at five  
blah, blah, blah  
Feels so good to be alive  
blah, blah, blah  
Yeah, life was easier at five  
What was I thinking?

I can't make up my mind  
Can't even make up my bed  
Yeah, I should clean up my act  
But first I clean up my head  
My books are on the shelf  
I don't apply myself  
You always check up on me  
But check yourself, oh

That all are closing  
Afraid to dance

Another one us survives  
blah, blah, blah, blah
