

Marek Kaliszuk, I WON'T STOP

Do what you like!
Don't waste our time
This, what put you on
Check if his on you side

I not a first one
Who's realized
A bit too late
Man have to fight

You just can wait
For miracle
You've got to awake
And go ahead

So you want not gonna stop me
No!

Let me say what I gonna do
Hear me now and the late is truth
I'm gonna fight till I find my way
And I WON'T STOP fighting every day
/2x

If you ever fall
Into despair
Jus let me know
I will take care

Coz only I can stop myself

Let me say what I gonna do
Hear me now and the late is truth
I'm gonna fight till I find my way
And I WON'T STOP fighting every day
/2x
