

# Maren Ord, Beautiful

If you could open up your eyes  
And see the colour of my tears  
They're not that grey, they're not that  
blue, They're beautiful  
If you could just see what I see  
You'd know the world is not that grey  
And it's not that blue  
You'd see the world is beautiful  
if you would

chorus

Open your eyes, take my hand  
Take a look at where you stand  
It's not that hard,  
just take a step back my friend  
And see this world  
We're living in it's beautiful  
life is beautiful  
So take that look from off your face  
I know it's not that easy so tell me  
Ohhhhh

It's not that grey so look at me and  
chorus

It's when I open up my eyes  
And see the colour of your tears  
They're not that grey,  
they're not that blue, no  
If you could just see what I see you'd  
know the world is not that grey,  
it's not that blue  
You'd see that the world is beautiful
