

# Margaret Glaspy, Act Natural

I've rolled around this earth a few times over  
But never have I ever seen something so absurd  
Are you a paradise bird?

'Cuz violet shines bright in both your eyes  
That can't be natural  
Indigo flares up in your hair  
That can't be natural  
Am I seeing clearly?  
Can those marigold ears hear me?  
Fade to black I don't know how to act  
Just act natural

I've been a witness to forgiveness in the worst of weather  
But never have I ever seen someone so free  
You're such a mystery to me  
You even sparkle in the dark oh I can't unseen it  
Is this some kind of butterfly rebirth?  
Are you from this earth?

'Cuz violet shines bright in both your eyes  
That can't be natural  
Indigo flares up in your hair  
That can't be natural  
Am I seeing clearly?  
Can those marigold ears hear me?  
Fade to black I don't know how to act  
Just act natural

Do you see me? Maybe I don't know  
Do you think I'm crazy? Probably so  
I don't know what to say or do  
And I know that we've just met  
But I'm willing to bet  
That I'm falling in love with you

Violet shines bright in both your eyes  
That can't be natural  
Indigo flares up in your hair  
That can't be natural  
Am I seeing clearly?  
Can those marigold ears hear me?  
Fade to black I don't know how to act  
Just act natural
