

# Maria, Always

Why don't you say, what's on your mind  
Stop playing games, and wasting my time  
'Cause we both know that for far too long  
We've tried to hide that something still is going on

I still feel you when you're gone  
Should I still want you if it's wrong  
'Cause though I've tried, baby, my heart won't be  
Can't fight what I feel

So no matter what I say,  
And no matter what I do  
And no matter who I love, I'm always loving you  
Always, can't help myself, always, always, baby

Let's find a way, to make this last  
You be my future, not just my past  
'Cause it might be right, when it feels so strong  
Help me find out, what the hell is going

If you promise me, you'll be loving me, exclusively  
Baby, you will see, we've got endless possibilities  
You can trust me baby, if I can trust you, baby
