

# Maria Mena, Cause and effect

I cant laugh to hard Im on a diet  
Im trying to lose myself  
You ought to try it  
Just starve for 6 days straight  
Oh its a riot  
Every Sunday night

I binch and I barve cause I carry the scars of an eight-year-old  
Whos mother applied the same rules to a kids body  
As her own

I think youll leave me soon  
Though Ive no proof of it  
But Ill make it easier for you  
By being a little bitch  
And this is just the fear  
But I think the reason  
Why Im scared you broke is

The only male influence Ive had  
After daddy up and left  
Were my mothers weekend lovers and  
Their alcoholic breaths

Ill tell u what caused it  
If u handle the effects (the effects 2x)  
Yes Ill tell u what caused it  
If u handle the effects (the effects 2x)  
Ill tell u what caused it  
If u handle the effects  
Yes Ill tell u what caused it  
If u handle the effects
