

# Mariah Carey, Butterfly

When you love someone so deeply  
They become your life  
It's easy to succumb to overwhelming fears inside  
Blindly I imagine I could keep you under glass  
Now I understand to hold you  
I must open my hands  
And watch you rise

Spread your wings and prepare to fly  
For you have become a butterfly  
Fly abandonedly into the sun if you should return to me  
We truly were meant to be so spread your wings and fly butterfly

I have learned that beauty has to flourish in the light  
Wild horses run unbridled or their spirit dies  
You

Spread your wings and prepare to fly  
For you have become a butterfly  
Fly abandonedly into the sun

I can't pretend these tears aren't overflowing steadily  
I can't prevent this hurt from almost overtaking me

So spread your wings and fly  
Butterfly so flutter to the sky  
Butterfly  
Spread your wings and fly  
Butterfly
