

# Mariah Carey, You Need Me

Yeah  
Uh

Wait a minute  
Before you walk away  
Let me finish  
I've got a lot to say  
Baby, I'm not gonna tolerate  
This game that you play  
You'll regret it  
If you desert me this way  
When there's nobody  
To dry your eyes  
Suddenly you're gonna realize

Don't you know  
You need me  
Don't you see  
Believe me  
Before you act so hastily  
Baby remember you need me

Honey listen, don't make a big mistake  
I'm in your system  
You really can't escape  
When there's nobody  
To hold your hand  
Suddenly you're gonna understand

Don't you know  
You need me  
Don't you see  
Believe me  
Before you act so hastily  
Baby remember you need me

No one understands you like I do  
After everything  
That we've been through  
(Oooh)  
Baby, you can turn around and leave  
But I know that you'll keep  
Coming right back to me

{guitar break}

Get down in  
Yeah  
Oh

Don't you know  
You need me  
Don't you see  
Believe me  
Before you act so hastily  
Baby remember you need me
