

Marianas Trench, Shotgun

Chasing me around again
When I'm not sleeping
They know I needed more now
And I'm losing you, and I'm dying
Teach me to follow, show me when to swallow
Whats that on my kitchen floor, this is where I'm living
Is it better now, its me..yeah its me
It's me I am the shotgun
Ok you win, baby I was never original
The vampire in your head
That's me, but I never get emotional anyway
