

# Marianne Faithfull, Bored By Dreams

Things are never what they seem  
Play a part most of the time.  
What is yours cannot be mine  
And I'm bored by dreams.

Bored by dreams.

I can't say the words I mean  
Make myself go through the line.  
Does the payment fit the crime  
If I'm bored by dreams?

Take me through the steps my love,  
Shall we dance again?  
I was older then,  
Now we are the same.

Lasse des rives.

Rive qui brille dans le noir  
Brillera bien, tu peux le croire.

Toujours dire la verite  
Quand je suis lasse des rives.

Take me through the steps, my love,  
Shall we dance again?  
Things were always brighter then,  
Hear me call your name.

After a certain age  
Every artist  
Works with injury.

After a certain age  
Every artist  
Works with injury.

Take me through the steps my love,  
Shall we dance again?  
I was always older then,  
Now we are the same.
