

Marianne Faithfull, Easy In The City

Easy in the city,
Easy in the mind.
Easy in the city,
Easy in the mind.

Light is slanting sideways
Sun is getting through.
Gonna take a taxi
Gotta get to you!

Easy in the city,
Easy in the rooms.
Isn't it a pity
Time goes by so soon...
Time goes by so soon.

If I can find the secret in the green
I'll let you know.
And if you seek a treasure made of silver

You can go... go

Easy in the city,
Easy in the rooms.
Isn't it a pity
Time goes by so soon...
Time goes by so soon.

If I can find the secret in the green
I'll let you know.
And if you seek a treasure made of silver
You can go... go.

Easy in the city,
Easy in the mind.

Easy in the city,
Easy in the mind.
