

# Marie Osmond, Think With Your Heart

When it comes to love darlin' You can't stray far away  
Don't let temptation steal your heart  
Love's not a game  
When it comes to love You can't think with your eyes  
You can't think with your lips or hands  
You can't think with your hands  
You think with your heart  
Think with your heart sweet darlin'  
Think with your heart  
Think with your heart  
Thinking with your eyes  
Gets you in trouble every time  
You'll never satisfy your appetite  
You think with your heart  
When it comes to love You can't think with your eyes  
You can't think with your lips and hands  
You can't think with your hands  
You think with your heart  
Think with your heart sweet darlin'  
Think with your heart  
Think with your heart  
Pain has no memory  
Pleasure you can't forget  
Once it gets inside your mind  
Temptation takes control  
When it comes to love  
You can't think with your eyes  
You can't think with your lips and hands  
You can't think with your hands
