

Marieke, I'm A Fool

It wasn't me lying in your bed
It wasn't me but someone else instead
It wasn't me you never saw me here
I must be going

I'm a fool cause it ain't gonna work
I'm a fool
I'm a twid, i'm a jerk, just a nitwid honey making a big mistake yeah
I'm a vamp who's inlove with your eyes
I'm a tramp with an useful advise
Please forget me baby just for your own sake
Before your lovely heart will break

You maybe sad when you wake up alone
You maybe mad to find out that i'm gone
You should be glad never to see me back
Maybe one day you'll thank me for it

I'm a fool cause it ain't gonna work
I'm a fool
I'm a twid, i'm a jerk, just a nitwid honey making a big mistake yeah
I'm a vamp who's in love with your eyes
I'm a tramp with an useful advise
Please forget me baby just for your own sake
Before your lovely heart will break

Your too cute to be hurt so i'm leaving
Erase my name from your head
Cause it's there for you to forget me
If you can
