

# Marillion, A State Of Mind

He looked down from the airplane  
A crack in the clouds opened up he saw a garden of Eden  
An island in the sea  
Starin at the birth of creation  
The earth and the people living, growing, naturally  
A state of mind..

He came down from the sky  
Into the noise of a million lives  
A garden of Eden  
Was it all a dream?  
We came a long, long, way with each other  
We're goin nowhere til we see we're only  
Sisters and brothers

A state of mind  
A state of mind is a contagious thing  
Spread it around you never know what the future brings..

Ready to sow?  
You ready to grow?  
Reap what you sow.  
You ready to know?

A state of mind is a contagious thing  
Spread it around - you never know what the future brings..  
A state of mind  
A state of mind
