

# Marillion, Icon

(Hogarth/Kelly/Mosley/Rothery/Trewavas)

Even if the good old days were good  
Even if the old days were golden days  
Even if the good old days were good  
The past is a terrible place  
The past is a terrible place to live  
Misguided missiles  
Skin creams and cars  
Loaded with dreams  
Loaded with dreams

Computer games  
Pretty faces  
Loaded with life  
Loaded with live ammunition

Even if the good old days were good  
The past is a terrible place  
The past is a terrible place to live

Saving up for Linda  
Saving up for Pam  
Saving up for Naomi  
Icon therefore I am  
Saving up for Mary  
Saving up for Jane  
A thousand pieces all over the room  
Let's do it all again  
Icon therefore I am

Loaded with dreams  
Loaded with life  
I'm loaded with live ammunition  
Loaded with dreams  
Loaded with stories  
Loaded with life

I only wish I knew you  
How hard it is for me to spare  
This kind of thing for you  
If you sense a smokescreen here  
A trick of dry ice  
A trick of the dry eyes
