

Marilyn Manson, Burn

From dust to blood
No one wants to live for ever
From blood to dust
Eternity is now or never

I've been waiting for a long time, baby
I've been waiting for the world to,
Burn the churches
Burn the banks
Burn the presincts
Burn city hall
Burn the court house
Burn the schools
Burn the presincts
Burn the shopping malls

Stone after stone
Build it up to nowhere
Mile after mile
the furture isnt going anywhere

I've been waiting for a long time, baby
I've been waiting for the world to,
Burn the churches
Burn the banks
Burn the presincts
Burn city hall
Burn the court house
Burn the schools
Burn the presincts
Burn the shopping malls

Disrupting the orderly routine of the institution
Disrupting the orderly routine of the institution

Burn! Burn!
Motherfucking burn!
Burn! Burn!
Motherfucking burn!
Burn! Burn!
Motherfucking burn!
Burn! Burn!

Burn the churches
Burn the banks
Burn the presincts
Burn city hall
Burn the court house
Burn the schools
Burn the presincts
Burn the shopping malls
