

# Marilyn Manson, Dogma

burn the witches, burn the witches, don't take time to sew your stitches  
burn the witches, burn the witches  
good is the thing that you favor, evil is your sour flavor  
you cannot sedate all the things you hate  
burn the bridges, burn the bridges, don't take time to sew your stitches  
burn the bridges, burn the bridges  
good is the thing that you favor, evil is your sour flavor  
i don't need your hate, i decide my fate  
you cannot sedate all the things you hate
