

Marilyn Manson, Insect Pins

I'm squirming slow now
Sticking in it
Swallow in your warm spit
Repel, rip

What'ca ya gonna feel?
Never gonna heal
See what's in my blood
What'ca ya gonna feel?
Never gonna heal
See what's in my blood
What'ca ya gonna feel?
Never gonna heal
See what's in my blood
What'ca ya gonna feel?
Never gonna heal

Stuck and displaced
It will drown again
Stuck and disappeared
Now you gonna see, now you gonna see
Now you gonna see what's in my blood

Sticking in it
Sticking in it
Sticking in it
Sticking in it
