

Marilyn Manson, Suicide Snowman

If I had time to kill the world I'd try
Oh no, but I'm busy
Killing me
I don't have time to build a suicide
Because the snowman melts in spring
The stripper girls will not be coming back
In the summer...for me
I don't have time to even say goodbye
We are dying as winter lives
Spring
Snow melts in my lawn and I am free
Corn cob pipe and a button nose
Bottled in the ground too long
Snow melts in my lawn and I am....
If I had time to kill the world I'd try
But I'm busy
Kill is ever me
I don't have time to even say goodbye
We are dying as winter lives
Spring
Snow melts in my lawn and I am free
Corn cob pipe and a button nose
Spring
My tit is about to explode
