

# Marilyn Manson, WOW

I had a dream  
This one I feel the need to mention  
I was happy for a while  
and I stopped being scared  
and ashamed to say what's on my mind  
but you though I changed after a while  
And said "you better treat me different or else"  
"Or Else" seems like a stupid fucking thing to say to someone like me  
Someone like me  
Wow...  
Wow...  
Wow...  
wow wow wow wow wow wow wow wow  
Don't be surprised I can look in the eye  
It's hard to take you serious when you take me inside[x2]  
I'm worse, than what you think you'd catch from me  
"Complicated"'s understated  
Did you stop and take a look in who you fell in love with?  
At who you fell in love with  
It doesn't matter how many times I say it  
It never gets old  
That's what I have to say  
Wow...  
Wow...  
Wow...  
wow wow wow wow wow wow wow wow
