

# Marilyn Manson, You Spin Me Right Round

I...Don't wanna know you name  
But I...Do want your private number baby

All I know is that to me  
You look like you're lots of fun  
Open up your lovin' arms  
I want some, want some

I set my sights on you (and no one else will do)  
And I, I, I, I...got to have my way now baby

(Bridge)  
All I know is that to me  
You look like you're lots of fun  
Open up your lovin' arms  
Watch out here I come

(Chorus)2x  
You spin me right round, baby right round  
Like a record, baby right round round round

I...don't wanna be your friend now baby  
But I...wanna move it just a little bit closer

(Bridge)

(Chorus)2x
