

MaRina, Saturday Night

Make me laugh

I left my phone
Ahead's the weekend
This time we gotta move on
/x2

I've got to slow down for the weekend
Just leave behind the troubles
I'm getting ready for the joyride on this weekend
I'm looking for a ride boy

Make me laugh
Now, load the music,
Feel it right
It is a Saturday Night
Go hit the floor, and do it right
Everybody's celebrating
Saturday Night
/x2

Release the fun
Ang hang around
This time we'll be off the lash
/x2

I've got a big plan for the weekend
So never mind the troubles
I'm getting ready for a wild fun for the weekend
I'm looking for a ride boy

Make me laugh
Now, load the music,
Feel it right
It is a Saturday Night
Go hit the floor, and do it right
Everybody's celebrating
Saturday Night
/x2

We're looking at the stars
We're driving jaguars
That's how we wanna feel it oh oh
Cause everybody looks so top hot
We're playing the guitar
And look a bit bizzare
Where you going right now?

Go hit the floor, and do it right
Everybody's celebrating
Saturday Night

Make me laugh
Now, load the music,
Feel it right
It is a Saturday Night
Go hit the floor, and do it right
Everybody's celebrating
Saturday Night
/x2
