

MaRina, She Knows You're Lyin'

She knows you're lyin', she knows you're lyin'
She knows you're lyin', she knows you're lyin'
She knows you're lyin', she knows you're lyin'
That's right

Ain't never gonna come a day
No matter what may come your way
That she won't know just when she's being lied to
Don't matter if you're here or there
She can follow you anywhere
No matter what you do she knows you're lyin'

Don't matter if you scream and shout
She knows what you're about

Now don't you have no doubt
She knows you're lyin'
Your love's just the cheatin kind
You never waste much time
Now she knows every sign, she knows you're lyin'

She knows you're lyin', she knows you're lyin'
She knows you're lyin', and what you're about
She knows you're lyin, she knows you're lyin'
She knows you're lyin',
She knows just what you're all about
Yeah
