

Mario Bischin, LEILA

LEILA

I wanna hear you say:

LEILA

everybody!

hey girl you owe me some
let's get on the floor
and we can dream all night
till the morning light

girl, you and I are gonna
rock this party tonight
and everybody's gonna see
you're my number one

I want you more
you took my heart and soul
and you can fly together
up in the sky above the ground
let try to make it right

LEILA

I wanna hear you say:

LEILA

everybody!
