

Mario, Go

You down or what
You down or what

You're that everyday girl, a face like a magazine
A ass I wanna hold, every ghetto nigga'z fantasy, yeah, oh yeah

Bridge

Hey, I think I really wanna be your lover
Not the one you wake up to
A nigga call and touch ya, don't wanna fuck you like no other
I'm not tryna range rove truck ya, or diamond clutch ya
Ain't really tryna meet yo mother, just wanna fuck you like no other

Chorus

Let's go, c'mon (go), come and get it (go), c'mon (go), come and get it (go), c'mon (go), come and get it (go)

If it's good girl, why wouldn't I come back again
Little boys mess it up for me, and that I don't understand
When ya mouth's in ya hand yeah

Bridge

Chorus

How'd you like it,
And the way that you smile I can tell that you told your girlfried
The way you showed up if I start fuckin you it'll make ya world end yeah
Would it be a smile or a frown if I brought your girl in
Why you smirkin' yeah

Bridge

Those other guys go wrong with you (you,you)
They sell you dreams that they can't keep
They send you lies disguised as the truth (tru, truth)
They say the skies are green, that I've never seen
While I just say that it's blue (blue, blue)
You get the sun to me, bout you can't see
And I'll just say you are cute
I'll keep it short and clean
For that ass I'm a fiend yeah

Chorus 2x
