

Mario Joy, Highway of love (Kozarie Remix)

Oh baby i believe
Forever you'll love me
Oh baby we can keep
A secret tonight
Oh baby i believe
Forever you'll love me
I feel in the beat of my heart

Oh baby if you're ready come and get it come and get it
I'm waiting for your everyday, tomorrow can you make it
It's hell when there's no heaven, meet you at 7/11
I can be your rhythm , Let me play your kingdom

Oh baby follow me, No need to be lonely
Oh baby we run free, On highways tonight
Oh baby follow me , No need to be lonely
I ride on the beat of your heart

I love you long time , Love you long time, OMG
So come and waste my time, Baby baby
