

Mario, Love

You don't know how much I care for you
Your wants, your needs, I'll be there for you
Get on my knees if you ask me to
My heart is here, girl I'm here for you
Now this is more than just a fantasy
Can't get past "we just friends" phase
Girl tonight we goin all the way, all the way
I'm talkin bout a love that you feel inside
I'm talkin bout a love that won't make you cry
I'm talkin bout a love that'll drive you crazy
You the only one, shorty, your my baby
I'm talkin bout a love that will keep you high
If you gotta ride baby I'm a ride
I'm talkin bout a love that'll drive you crazy
Your the only one, your my baby
Now what you need honey let me know
You know I got it, and that's for sure (that's for sure)
I'll keep you laced from your head to toe (head to toe)
I'm strapin up baby here we go
I'm gonna give you everything that you need
Gotta make sure that you stay right here with me
I promise you lady, my love will drive you crazy
I'm talkin bout a love that you feel inside
I'm talkin bout a love that won't make you cry
I'm talkin bout a love that'll drive you crazy
You the only one, shorty, your my baby
I'm talkin bout a love that will keep you high
If you gotta ride baby I'm a ride
I'm talkin bout a love that'll drive you crazy
Your the only one, your my baby
You know what it is
I know what I want
Girl I just wanna get close to you
There ain't no limit to what I can do
You say you're tired of the same thing
So baby do it my way
Turn your phone off, let that thing ring
Don't interrupt what we got goin baby
And I'm about to make you scream
I'm just givin you the lovin that you need
I'm talkin bout a love that you feel inside
I'm talkin bout a love that won't make you cry
I'm talkin bout a love that'll drive you crazy
You the only one, shorty, your my baby
I'm talkin bout a love that will keep you high
If you gotta ride baby I'm a ride
I'm talkin bout a love that'll drive you crazy
Your the only one, your my baby
