Damn...

All i could do

All i could say

is that im sorry

(sorry sorry sorry sorry)Fading

Just here me out

(Verse 1:)

Ohhh.. you should of shown me alittle more love

(but still there aint no reason)

for me to walk out on this thing call us

(but you keep giving me the feeling)

that i should throw the towel in

(cause we can't keep eachother no way)

cusin me out in front of my friends not giving a damn on how i feel

(Bridge:)

I dont even want

(i dont want to be the guy that tricks around on you)

and you dont even know

(how many times i asked your momma what i should do)

And its my fault

(and its my fault im in a situation i may not get through)

i got bad news that i gotta break to you

i know you gonna act a fool but i gotta let her know

(Chorus:)

I had a girlfriend

in between that week we split up

it was looking so good i couldn't say no

I think it's time you know

everytime that i see you with her

i was thinking how i was picking them legs up

it's ashame when a man just can't say no
