

Mario, Whiz

Oh oh oh oh oh
Oh oh oh oh oh oh oh oh oh oh oh oh oh oh oh
Yeah "ah "ah-ah
Whoa oh oh oh oh oh oh oh oh oh
Uh uh uh uh
Uh uh uh uh uh uh

(verse1)

Imagine jersey and trash
Official mitcheleness
I give nothing but the best
For my baby
Cause I believe
She represents me
Completely head to her feet
Out here on these streets
You can't get caught
It's all you fault if she leaves

(bridge)

You chose to
Spend it on your clothes and kicks
Instead of dinner and a flick you picked
The opposite
This is what you get
She bout to have a fit
That when I pulled over in the rover
Offered her my shoulder
Get a little closer smash
Off with your girl like that
You cant get mad

(chorus)

You didn't handle your buis-
That's why I got your whiz
You should have listened when she mentioned your to busy wit your friends
Now you want her back
Sorry it's too late for that
She's happy where she's at
And that's that
That's the way it is
Yeah I've got your whiz

(verse2)

Tennis bracelet in blue
Even bought your sister one too
Just to name a few things you could do
To put a smile on her face

Card on her birthday
Anniversary of the first day we met
Never forget her favorite color
Little things to show how much you love her

(bridge)

You chose to
Spend it on your clothes and kicks
Instead of dinner and a flick you picked
The opposite
This is what you get
She bout to have a fit
That when I pulled over in the rover
Offered her my shoulder
Get a little closer smash

Off with your girl like that
You cant get mad

(chorus x2)

You didn't handle your buis-
That's why I got your whiz
You should have listened when she mentioned your to busy wit your friends
Now you want her back
Sorry it's too late for that
She's happy where she's at
And that's that
That's the way it is
Yeah I've got your whiz

(verse3)

You made it easy
For me to steal your breezy
I see it
Please believe me
She hates to be unfaithful
But you made her
She's trying
She'll come to me and I'll get
Right down to it
And whoa it don't much no better

Kid I've got your whiz

(chorus)

You didn't handle your buis-
That's why I got your whiz
You should have listened when she mentioned your to busy wit your friends
Now you want her back
Sorry it's too late for that
She's happy where she's at
And that's that
That's the way it is
Yeah I've got your whiz

Oh

Oh oh o-oh

I got your whiz-
and I'm lovin it
