

Mario Winans, Lonley Stranger

Oh yeah, Oooooh yeeeaah, Uh uuuh ah (x2)
If anybody ask you anything about me
Tell them I am just a man who lost a friend?
A faded picture of our memories
That we'll never share again
So I pretend

[Bridge]

I guess all we can do
Is think about how we used to be
Its just so hard to do
cause we got a bad history
No I've tried a million combinations, baby
But it won't work
I Know it hurts
But we gotta let it go

[Chorus]

I don't wanna be a lonely stranger
I never thought that anything could
Take us
and Break us
and Make us
fall apart, baby
I don't wanna be a lonely stranger (baby)
Not after all the time I gave ya
And we make up
Just to break up
I guess I'm just a lonely stranger, baby
If anybody ask me anything about you
I would say you love my all
and I loved to love you so
What a shame that we just couldn't make it through
and we left our feelings fall
and now we don't have love at all

[Bridge]

I guess all we can do
Is think about how we used to be
Its just so hard to do
cause we got a bad history
No I've tried a million combinations, baby
But it won't work
I Know it hurts
But we gotta let it go

[Chorus]

I don't wanna be a lonely stranger
I never thought that anything could
Take us
and Break us
and Make us
fall apart, baby
I don't wanna be a lonely stranger (baby)
Not after all the time I gave ya
And we make up
Just to break up
I guess I'm just a lonely stranger, baby
