

Marion, Fallen Through

All my work is fallen through
Now that's me again
All my work is fallen through
But that's me again, that's just me again
All my work is fallen through
Now that's me again, now that's me again
Now all my work is fallen through
Should I try again, or just hide again?
Now all my work has fallen through
That's me again, again, oh that's me again
Now that all my work has fallen through
It's me again, oh that's me again
I'll just forget soon just forget soon
I'm kickin off soon
I'll kick this off soon
Now all this love can be shared by us
Because when I touch you I get scared
When I touch you they get scared
Now all your love can be shared by us
Because I bleed again
Oh I can be me again
Oh, it's me again
Oh, it's me again
Oh, it's me again
Oh, it's me again
Oh that's me, that's me again
