

# Marissa, Stranger (feat. Keanu Silva, Jhn McFly -

Kiss me like a stranger  
Come and taste my flavor  
You don't need no chaser  
Just vibe on  
My danger

Kiss me like a stranger  
Come and taste my flavor  
You don't need no chaser  
Just vibe on  
My danger

Kiss me like a stranger  
Come and taste my flavor  
You don't need no chaser  
Just vibe on  
My danger

I can feel your body  
Yeah  
It's in your eyes I see you  
Want it  
You crave it  
You need this  
Yeah

So come get it  
I've got it  
yeah

Coz i've been waiting all night  
I don't need something right  
And I feel I'm pulling you in

You don't  
Need another one  
I'll be  
Everything  
You ever want  
Ever want

Don't need a heart tonight  
Just wanna a body moving side to side  
Don't think about it boy just  
Move for me  
Move for me  
Move for me
