

# Marit Larsen, Solid Ground

Cannot fall, never do regret  
Know just what is being said  
Know the risk you take  
Keep your head above it all  
Sure you can fall  
But not now you gotta prove  
Something new, being you, being you  
Can't feel, keep from asking why  
Be the strongest at goodbyes  
Know your place in life  
Now expand your wings and fly  
It reaches high but not,  
Enough you seem to me  
So incomplete, swept off your feet  
And let me tell you they will always pull you down  
Before you know it they will take your smile and push you around  
They will fight and struggle  
To blur and trouble  
Your sense of solid ground  
Cannot know, lose your self-control  
Be an angel over all  
Know your secret way  
Laugh at everything they say  
Will you remain the same?  
And now you dare not see  
What's letting go  
Inside of me, is it me?  
And they will always pull you down  
Before you know it they will take your smile and push you around  
They will fight and struggle  
To blur and trouble  
Your sense of solid ground  
Keep your head above it all, sure you can fall  
But not now you gotta prove  
And they will always pull you down  
Before you know it they will take your smile and push you around  
They will haunt your every dream  
They will make you come undone at the seams  
And they will fight and struggle  
To blur and trouble  
Your sense of solid ground?  
Keep your head above it all  
Sure you can fall  
But not now you gotta prove  
Something new, being you, being you
