

Marius Nedelcu, Obsession

Love me as I am
It's all I've got
Talk to me if you can, heart to heart
Be someone who forgives
Treasure what is true
I'll never let the rain fall down on you
You're my obsession
Like a melody i play
Keep singing on and on
I'm gonna lose my way
If down the road
We stumble and fall
All we need is to stay, soul to soul
Shelter from the storm
Always there for you
I'll never let the rain fall down on you
