

# Marjorie Fair, Hold On To You

I hold on to you  
it's all I can do my love  
you are stronger than me  
from what I can see my love

I think I'm going out of my mind  
If it's not already gone by now  
sad to see you're already over me  
I don't want to know that now

the pain I see in your eyes  
is such a surprise my love  
you can't believe what I see  
you're the best thing to me my love

I think I'm going out of my mind  
if it's not already gone by now  
sad to see you're already over me  
I don't want to know that now

I hold on to you, it's all I can do
