

Mark Joseph, Fly

Can I be a friend
Leave me to the end
Cos' I know it's written in the wind
Take me to higher ground
Come on! Speed of sound
Cos' I know it's written in the wind
Written in the wind
Written in the wind
You've got to fly, high, right
It's written in the wind
You've got to fly, high, right
It's written in the wind
Written in the wind
Written in the wind
Uuuuuu...
Did I jump the gun
Cos' you've come undone
But that's how written in the wind
Take me underground
If it's not allowed
Then I suppose' that I'll be back again
I'll be back again
I'll be back again
You've got to fly, high, right
It's written in the wind
You've got to fly, high, right
It's written in the wind
Written in the wind
Written in the wind
Uuuuuu...
