

# Mark Joseph, Fly

Can I be a friend  
Leave me to the end  
Cos' I know it's written in the wind  
Take me to higher ground  
Come on! Speed of sound  
Cos' I know it's written in the wind  
Written in the wind  
Written in the wind  
You've got to fly, high, right  
It's written in the wind  
You've got to fly, high, right  
It's written in the wind  
Written in the wind  
Written in the wind  
Uuuuuu...  
Did I jump the gun  
Cos' you've come undone  
But that's how written in the wind  
Take me underground  
If it's not allowed  
Then I suppose' that I'll be back again  
I'll be back again  
I'll be back again  
You've got to fly, high, right  
It's written in the wind  
You've got to fly, high, right  
It's written in the wind  
Written in the wind  
Written in the wind  
Uuuuuu...
