

# Mark Knopfler, Got To Have Something

Well if you ain't got whiskey  
Don't tell me that you ain't got gin  
If you ain't got whiskey  
Don't tell me that you ain't got gin  
Well I got to have something  
Need to get my medicine

Well I can play your fish fry  
Play for change in town  
I can play your fish fry  
I can play for change in town  
Well I got to have something  
Keep me from going down

Well let me play you one thing  
Somebody must have just got paid  
Yeah, let me play you one thing  
Somebody must have just got paid  
Well I got to have something  
Even if I don't get laid

Yes, if you ain't got whiskey  
Don't tell me that you ain't got gin  
If you ain't got whiskey  
Don't tell me that you ain't got gin  
Well I got to have something  
Need to get my medicine  
Yeah, I got to have something  
Need to get my medicine
