

# Mark Lind, What About Love?

Do you know how it feels to be lonely and empty inside?  
Do you know what its like to pray to God that you could die?  
I've been accused of things like finding happiness  
But I could stand before the judge and say that I'm innocent  
What about love? Just a little love  
Jesus Christ came to Earth to prepare for his hour of pain  
2000 years since then we've been killing people in his name  
Messiah or a prophet, he goes unheard the same  
So I turn the other cheek to these days of hurting and pain  
What about love? We ain't so innocent  
Just a little love? We ain't so innocent  
These days people ask me what happened to my punk  
It was something I once believed in but it faded as I grew up  
We all start so innocent and develop to bitter with rage  
I'm so Goddamned angry now I wonder if I'll ever be the same  
What about love? We ain't so innocent  
Just a little love? We ain't so innocent
