

# Mark Lind, Whatever Road

Things are good now but all things must end  
There will be a darker time when you need a friend  
I'll tell you now that I'll be there for you  
When you need someone to pull you through  
These few years have been the worst for me  
If it's as bad as things can be  
Then I'll take my chances and I'll step in time  
To the beating of this heart of mine  
Whatever road you go down  
My heart will be there with you  
If I had a dollar for each piece of me  
That I gave away for the world to see  
Then I'd turn this pain into a fantasy  
And we'd sail away across the seven seas  
Whatever road you go down  
My heart will be there with you  
Things are good now but all things must end  
There will be a darker time when you need a friend  
Can I go and count on you when I need someone to pull me through?  
Whatever road you go down  
My heart will be there with you
