

Mark Medlock, I'm Just A Dreamer

It's a lonely night in New York's heart
You don't hold my hell love
Oh don't tear apart
It hurts me more than words can say
It's a crazy love
And a long long way
Something I haven't told you girl
I think you are my soul, my world
My world
I'm just a dreamer, baby
Dreaming of you day and night
Day and night
I'm just a dreamer, baby
You're my day and you're my light
Yeah, you're my light, yeah
It's a special thing between me and you
Can I trust you baby
See what love will do
If you really love me, you will understand
Love is like a river
And I'll be your man
Something my babe is on my mind
I know we'll love, is hard to find
To find
