

Mark Medlock, Moment Of My Life

Nights, nights began to drag me down,
Tell me if I was just your clown.
You are meant for me, baby, cant you see,
You and me together, forever.
Nights looking for a perfect day,
Love, love was just a breath away.
Tell me that its love forever, a great love,
You and me together forever.

Chorus:

Its the moment of my life,
Do you feel that this love survive(s)?
The moment of my heart,
Its a new beginning like a start.
Was it just a dream for me?
I never meant to make you cry.
What have you done, now, tell me why.
Oh, you break my heart, youre breaking all my dreams.
You and me together forever.

Chorus:

Its the moment of my life,
Do you feel that this love survive(s)?
The moment of my heart,
Its a new beginning like a start.
Was it just a dream for me?

Chorus:

Its the moment of my life,
Do you feel that this love survive(s)?
The moment of my heart,
Its a new beginning like a start.
Was it just a dream for me?
(For me)
