

Mark Medlock, Only Forever

Dont cry my love and smile again, Im the loser in the end.

Can you hear my heart? It cries for you.

As long as youre here, my world is fine.

If you go, youre on my mind

Can you hear my heart? It cries for you.

Oh, please dont go away, cause I will lose my heaven.

Oh, please dont go away, I missed you every day.

Chorus:

Only forever, its true, only forever I love you.

You are forever in my heart, Yes, I swear.

Only forever, youll see,

You are the sweetest thing to me.

Now and forever youre my love, oh, my love.

Dont throw away a miracle like the ocean, like a wind.

Love is here, and now you go away.

When two hearts will beat as one, its too late, we cant go wrong.

Everything I do I do with love.

So, darling, stay with me,

You know, its now or never,

So, darling, stay with me,

I cannot let you go ... oh oh

Chorus

Only forever, its true, only forever I love you.

You are forever in my heart, Yes, I swear.

Only forever, youll see,

You are the sweetest thing to me.

Now and forever youre my love, oh, my love.

Now and forever, its true,

Only forever I love you,

You are forever in my heart, forever in my heart yeah

Only forever, I'll see,

You are the sweetest thing to me.

Now and forever youre my love, yeah my love yeah

Now and forever you're my love baby yeah
