

Mark Medlock, Relax Your Heart

Relax your heart

I can't wait to be with you.
Oh Baby it's a long way home.
You're waiting day and night it's true.
And I'm feeling so alone.
Baby once twice just cause you're wise,
three, four,
I have a surprise.

Uh Baby
Relax your heart.
Relax my Baby.
Cause we have so much time.
Relax your heart
Relax and maybe
You're on my mind.

Life's so short
Don't give it up
Oh all I want is everything.
Don't put your dreams in just one night.
Oh we're flying (?) on a broken wing.

Baby once, twice we're telling some lies.
three, four
I can't ignore, yeah

Relax your heart.
Relax my Baby.
Cause we have so much time.
Relax your heart
Relax and maybe
You're on my mind.
Yeah
Baby once twice we're telling some lies.
three, four,
I can't ignore, yeah

Baby Baby once, twice we're telling some lies.
three, four,
I have a surprise
Relax your heart.
Relax my Baby.
Cause we have so much time.
Yeah
