

Mark Medlock, Seven Days

Uhuhuh

Oh why we cant touch the sky?
Theres no reason why
You hurt my heart.
Oh why you will make me blue?
Its just me and you
And no one else.
Please dont believe what theyre telling about me.
I love you, my babe, cant you see?

Seven days and seven lonely nights
I cant hold you baby by my side.
Love means everything in my life.
Seven days and seven lonely nights
Babe I love you till the day I die.
Praying for your love since I've seen you.
Since I saw you, baby.

Oh try to give us one more chance
For a new romance closer than close.
Dont cry, Baby, youre self blind.
Youre all my mind for my whole life.
Remember my words
There must be a way.
I love you babe night and day.

Seven days and seven lonely nights
I cant hold you baby by my side.
Love means everything in my life.
Seven days and seven lonely nights
Babe I love you till the day I die.
Praying for your love since I`ve seen you.
Seven days and seven lonely nights
Oh Im waiting just to hold you thight
Like the sunshine in the wintertime.
Uhoh I miss youoh

Seven days and seven lonely nights
I cant hold you baby by my side.
Love you
In my life
Lonely nights
Heyaha
Since Ive seen you
Since Ive seen you
