## Mark'Oh, We are electric

| Feel the heat It | s burning the ai | r and smelling s | so sweet Dark i | s light We're bre | aking the day and |
|------------------|------------------|------------------|-----------------|-------------------|-------------------|
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
|                  |                  |                  |                 |                   |                   |
