

# Mark Ronson, Apply Some Pressure

You know that I would love to see you next year  
I hope that I am still alive next year  
You magnify the way I think about myself  
before you came I rarely thought about myself  
Behind your veil I found a body underneath  
inside your head were things I never thought about  
you know that I would love to see you next year  
I hope that I am still alive next year

What's my view?

well how am I supposed to know

write a review

well how objective can I be

[X2]

you know that I would love to see you in that dress

I hope that I will live to see you undressed

the every day is part of what consumes me

the hate I feel is part of what fuels me

I testify to having guilty feelings

I must confess I'd like to be caught stealing

you know that I would love to see you in that dress

I hope that I will live to see you undressed

What's my view?

Well how am I supposed to know?

Write a review

Well how objective can I be?

[X2]

I like to wait to see how things turn out

If you apply some pressure

[X2]

What happens when you lose everything

you just start again

you start all over again

[X2]

I like to wait to see how things turn out

If you apply some pressure

[X2]

What happens when you lose everything

you just start again

you start all over again

[X3]

What happens when you lose some pressure

apply some pressure you lose some pressure

apply some pressure you lose some pressure

apply some pressure you lose some pressure

[X2]

You know that I would love to see you next year

I hope that I am still alive next year

You know that I would love to see you in that dress

I hope that I will live to see you undressed
