

# Mark Schultz, Think Of Me

(Verse 1)

Packing my bag since morning was the hardest thing to do,  
But packing my bag was so easy than to standing outside your door  
right now to say goodbye,

Think of me...

I know you've never seen me cry,

Think of me...

But it's so hard to say goodbye,

Think of me...

what can I say to show you,

I'll never give up on you

I will be waiting for you

I will be there when you call  
I will see you through it all  
and even in your darkest hour,  
I pray that the Lord we found  
Will set you on solid ground

(Verse 2)

I know that it feels like leaving

is a part of letting go

But I'm praying with hope and believing

That I'll see you once again down this road

I hope that it won't be long

Think of me...

I know God brought you as a friend,

Think of me...

I know he'll bring you back again,

Think of me...

What can I say to show you,

I'll never give up on you

I will be waiting for you

I will be there when you call  
I will see you through it all  
and even in your darkest hour,  
I pray that the Lord we found  
Will set you on solid ground

Think of me...

I know you've never seen me cry

Think of me...

But it's so hard to say goodbye

Think of me...

What can I say to show you

I'll never give up on you

I will be waiting for you

I will be there when you call  
I will see you through it all  
and even in your darkest hour,  
I pray that the Lord we found  
Will set you on solid ground
