

# Marlango, My Love

My love is soft when he whispers  
My love is tough when he cries  
My love is small as a baby  
My love shines like rain

My love walks like a soldier  
My love holds like a girl  
My love's voice is broken  
My love's hands are soft and strong

I am as small as a snail  
I am as soft as a drop  
I am lost and crawl  
But I'll climb  
Only up to you

I am angry as thunder  
I am strong as blood  
I am as cloudy and clear as all the skies  
That pass through your eyes

We'll be as happy as children  
We'll be as jumpy as queens  
We'll fight and fuss for hours  
Only to rest in each other's arms  
I wait for you
