

Marlango, Shake The Moon

Shake the moon
Shake the moon inside your glass
Fit the sky
Make the sky fit into your eye
Stomp the floor
Brake the floor when you pace along
Scratch the air when you laugh

Squeeze the universe
Between your fingers
It all fits inside a little boys pocket

Car, stone,
Space rocket,
Moth, fly,
Gun, match
Grab a match
And burn the universe

Pebble, doll,
Flower, stone,
Knife, a war
Grab a stone
And brake the universe
